Students and Employees:

Please know that the Bergen County Technical Schools Adult & Continuing Education Program's Annual Security Report (ASR) is available for your review. This report is required by federal law (*Clery Act*) and contains policy statements and crime statistics for all Adult Education Programs. The ASR addresses the school's policies, procedures and programs concerning student and employee safety and security.

Statistics are included for certain categories of crimes that were reported to have occurred on campus, on public property within or immediately adjacent to the campus, and at non-campus buildings and property owned or controlled by the school for calendar years 2014, 2015, and 2016. The ASR and crime statistics are updated each year, with the newest edition being published and posted on our website by October 1st.

The ASR and other important safety and security resources are available online at:
